Frequently Asked Questions

What information do you need from my Veterinarian?

You should provide us with proof of the following vaccinations:

- Rabies
- Distemper
- Bordetella (Kennel Cough)

Of course, we want to know about any specific health or behavior problems.

What should I bring with my dog?

Your dog should arrive here on leash. You should bring enough of your dog's normal food for the length of his/her stay. Also, your dog's favorite toy or treats are good. We recommend people sleep with a towel for a night or two and bring the towel. The towel will capture your scent and make the dog more content.

What if my dog has special needs?

We have a smaller, more private kennel area for dogs with special needs. This might include older dogs that don't tolerate a lot of noise or activity well, more aggressive dogs that don't play well with others, a dog that has a health condition that is not contagious and needs more attention and quiet, or even a female dog in season (if arranged in advance.)

What about medications my dog takes?

Bring enough medication for the time your dog will be staying with us. We will carefully administer the medications according to your instructions.

We Care About Your Dog

When you need to leave your dog in the care of another – it makes sense to choose a care giver that provides your pet with a safe, secure and active environment. At the Bed and Biscuit, we understand the stress your pet is under when you leave and we strive to give your dog the care your best friend deserves. We focus on safety and fun in a structured environment where your pet can feel secure and content.

Dogs receive:

- **Personal time every day from people who have chosen to make caring for your pet a career**
- **A minimum of three turnouts in our spacious exercise yards**
- **Dependable meals & fresh, clean water**
- **Comfortable, spotless, fresh air conditioned / radiant heated, private, indoor run with music**

This is not just a place to stow your dog while you are away. It is a place that will cater to the needs of your dog on an individual basis – providing you with peace of mind that your pet is receiving the very best care. We want to get to know your dog – what they like and don't like and what makes them happy. We also want to make it convenient for you. Our flexible hours, fair rates and pick-up and delivery service will be sure to help you conquer the hectic pace of getting ready to travel. We can groom your dog while you are away so you will come home to a content and clean dog or you can schedule a little training time with our obedience instructor. Our goal is to offer excellence in the services you want for your dog.

About Our Facility

Our kennel building was built in 2000 with radiant heat throughout. The main kennel room is 700 square feet housing 24 indoor runs. Our private area is about 160 square feet with just six runs in the room. All kennel areas are tiled with porcelain tile using epoxy grout making surfaces that are completely non-absorbent. This allows us to remove odors and harmful bacteria when we clean. All rooms are fully air conditioned and fresh air ventilated to ensure dogs are kept comfortable and healthy. Kennel areas open directly onto our fenced outdoor exercise yards. We have three small yards for small dogs or dogs that prefer isolation, two medium size areas for play groups and a large 3000 square foot community area for turn outs and more exercise. Cleanliness and good canine health are our top priorities.

About Our Staff

Owners have had over thirty combined years of experience in raising, caring for, training, breeding, showing and housing dogs. These years were the foundation for us finding our joy in caring for your pets. Our staff person is a trained obedience instructor with the same dedication. We bring together our diverse collection of talents to make sure your dog is safe, comfortable and healthy. We also understand the service business and look forward to winning your trust and your return business.

Directions

We are located on Vermont Rte 118 in Berkshire Center, Vermont. One mile south of the Berkshire Elementary School on the right. Or, 3 miles north of East Berkshire on the left.

Hours

Scheduled Pick-up and Drop-Off Times:

6:30 a.m. to 9:30 a.m.

4:00 p.m. to 6:00 p.m.

The primary focus of our daily schedule is caring for our boarding dogs. We will be spending most of the day exercising play groups or in the kennel working which makes it difficult to receive customers. We will do our best to accommodate your busy schedule, but we will appreciate you trying to schedule your times in our normal pick-up and drop off hours above. If you need to come outside those hours, please provide us the courtesy of arranging that time in advance with us.

Pick Up and Delivery Service

Our pick up and delivery service is offered to give you that little extra time in your day. Boarding dogs will be picked up the day before your planned trip or returned to you the day after your return. There will be a half day boarding charge for the day the dog is picked up or returned in addition to the pick up or delivery charge. Charges are calculated by the mileage from our kennel to your location. This service must be scheduled in advance and your dog must be able to travel comfortably in a crate.
